Director's Office
Inward Date ..16/12/2015.....
Document page No. ...4/21...

e-Tender Notice

SUBJECT: - Installation of Four Ball Tester Machine

1. e-Tendering Process

- The application form can be download from NICs' portal (<https://mahatender.gov.in>)
- The forms of tender documents are available on the e-Tendering website <https://mahatender.gov.in> and also on institutes website <https://vjti.ac.in/tenders/>. The aspiring applicants will have to download Tender form from the website mentioned above. The bidder must fill in online format and upload required information online. Also, the bidder must download the tender application from website, fill it and upload the scanned copy of duly filled form, along with required documents.
- For purchasing the Tender documents, the bidders will have to get registered with e-tender portal (<https://mahatenders.gov.in>) and obtain login credential to participate in the online Tender process. The details of the same are available on <https://mahatender.gov.in>. For registration, enrolment for digital signature certificate and user manual, please refer to respective links provided in e-tendering tab on <https://mahatender.gov.in>

2. Name and location of work

Nature of Supply:	Installation of Four Ball Tester Machine
Estimated cost of the project:	Rs. 27.00 Lakhs (Twenty seven lakh only)
Location:	Department of Mechanical Engineering, Veermata Jijabai Technological Institute (VJTI), HR Maharajani Marg, Matunga Mumbai, Maharashtra-400019
Submission of Tender document	As notified on website
Opening of Tender	As notified on website
Completion Time of Tender	As notified on website

Director's Office

Inward Date ...16/2/2026...

Document page No. 5/21

3. Tender Submission System

- Tender documents are invited in two packet bid system for the above work
 - Packet '1': Prequalification of the vendors (*Technical Bid*)
 - Packet '2': Bill of Quantities (*Financial Bid*)
- The bidders are requested to submit the tender documents in two packet bid system only i.e. Technical Bid in attachment of packet '1' & Financial Bid in attachment of packet '2'.
- Bidders should note that the Technical Bid (i.e. Packet '1') will be opened first, and the Financial Bid (i.e. packet '2') will be opened only for qualified bidders.
- **Tender fee is Rs. 5700/- + GST @ 18% = Rs. 6726 is to be paid online.**
- **EMD for the tender is Rs. 95,000/- (Rupees Ninety Thousand only) to be paid online.**

4. Right to reject

The Director, VJTI reserves the right to reject all or any of the e-tender(S) without assigning any reason at any stage.

The date and time for submission and opening the bids are as shown in the Header Data. If there are any changes in the dates the same will be displayed on the NIC Portal (<https://mahatenders.gov.in>)

5. Contact Information

The Applicants interested in the above referred work may contact the Head of Department (Mechanical Engineering Department) at the following address on any working day during office hours.

Coordinator: Four Ball Tester
Mechanical Engineering Department,
H. R. Mahajani Marg, VJTI, Matunga,
Mumbai – 400 019.

SECTION – 2
INSTRUCTION TO BIDDERS

Director's Office

Inward Date ..16/2/20...

Document page No. 7/1/21.

Page 6 of 20

SECTION-2
INSTRUCTION TO BIDDERS

1. Bidders not fulfilling the prescribed conditions will be summarily rejected and the decision of the Institute in this regard shall be final and binding. Financial bids of only technically qualified bidders shall be opened and considered for final evaluation. VJTI reserves the right to forfeit the EMD amount on non-acceptance/ non-compliance of offer in fully or partially or if VJTI feels that Bidders has misguided in any way.
2. The Bidder should quote only for the Supply, Installation, Testing & Commissioning of Four-Ball Tester Setup.
3. Corrections/Alterations, if any, in the tender documents should be attested properly duly signed by authorized signatory and affixing seal by the Bidder, failing which the Bidders candidature will be rejected.
4. The Bidder shall quote the prices in INR of required services. All taxes, service charge, installation, training, etc. should be clearly specified. No other charges shall be paid separately.
5. In case of any discrepancy between the unit price and the total price, the unit price shall prevail and total price shall be corrected unless it is lower than the sum total of unit prices. If there is any variation between amount written in figure & words and then amount whichever is lower shall be taken into consideration. All the terms and conditions for the deployment will be as given herein and no change in any term or condition by the Bidders will be acceptable.
6. Canvassing in any form will be viewed seriously and if any Bidder is found to be resorting to such practice, the tender of such firm will be rejected.

SECURITY DEPOSIT AND ADDITIONAL SECURITY DEPOSIT

1. Bidder have to pay 3% security deposit on awarded Price for 12 months.

PACKET '1' – Technical Bid

The Packet '1' shall contain scanned certified copies (preferably colored copies scanned from original documents) of the following documents. Scrutiny of this packet will be done strictly with reference to only the scanned copies of Documents uploaded online in packet. No additional documents will be accepted after the deadline for tender submission.

1. Valid Firm Registration Certificates (copies of i. PF & ii. ESIC Registration Certificates).
2. A document in support of Registration under GST. Scanned copy of GST Registration Certificate.
3. Latest Partnership Deed in case of Partnership firm duly registered and Registration Certificate with registrar of companies in case of Private Ltd/Public Ltd/Semi Govt & Govt undertakings. (Partnership Deed for firm or relevant documents of proprietary concern or Incorporation Certificate and MOA / AOA in case of

Company).

4. Income Tax Clearance / IT Return/Acknowledgement for the last three financial years preceding the Financial Year in which bid is invited. Foreign national companies need to produce similar applicable documents.
5. The Bidders will have to provide Tender Fee online through the online Bank gateway on NIC portal of <https://mahatenders.gov.in>. The Bid shall be summarily rejected if it is not accompanied by the Tender Fee. Bidder shall submit screenshot of receipt of payment of Tender Fee in Packet '1', failing which bidder shall be treated as non-responsive.
6. The Bidders will have to provide Earnest Money Deposit online through the online Bank gateway on NIC portal of <https://mahatenders.gov.in>. The Bid shall be summarily rejected if it is not accompanied by the Earnest Money Deposit. Bidder shall submit screenshot of receipt of payment of EMD deposit in Packet '1', failing which bidder shall be treated as non-responsive.

NOTE:

- i. If the bidder(s) withdraw the bid offer during the tender validity period, his/her entire E.M.D. shall be forfeited.
- ii. The bidders shall categorically provide their Email-ID superscripted on packet '1'.

PACKET- '2'

The Packet '2' shall contain following documents –

1. The bidder shall submit the commercial bid (Packet '2') online by filling in the complete commercial proposal. All the inputs given on this screen need to be digitally signed.
2. In case of **rebate/premium** offered by the bidder is 10% more than the cost put the Tender (Tender Cost), then **the rate analysis of all the items shall be submitted by the bidder in Packet '2'**.
3. If the offer quoted by the bidder is 10% below (rebate) the Tender Cost. Then the Bidder shall submit **suitable justification for executing the work below the Tender Cost** in Packet '2'.

Note:

If the rate analysis submitted by L1 bidder is not acceptable with recorded reasons, E.M.D of the bidder will be forfeited.

BID VALIDITY

- Bid shall remain valid for a period of not less than **Sixty (60) days** after the deadline date for bid submission specified in Bid Data Sheet. A bid valid for a shorter period shall be rejected by the Employer as non-responsive.

Tax

The Bidder shall **quote price inclusive of all taxes** (including GST), Levies, Duties, Cess, training, transport, handling, installation, etc. as applicable at the time of bid submission.

SECTION – 3
TERMS AND CONDITIONS OF CONTRACT

SECTION 3

TERMS & CONDITIONS OF CONTRACT

S.N	TERMS & CONDITIONS
1.	<p>Warranty: - The equipment / materials excluding consumables should be under 1 year onsite comprehensive warranty from the date of successful delivery & installation. Requisite certifications are to be submitted along with technical bid on OEM Letterhead.</p> <p>a) The bidder shall offer on-site comprehensive warranty of Equipment(s) excluding consumables for at least One year. The purchaser is not liable to pay any extra charges on any account during warranty period.</p> <p>b) The bidder shall pay to the purchaser such compensations that may arise by reasons of the warranty therein contained but not attended by the bidder.</p> <p>c) Any part or parts fail or proved defective within the on-site warranty period specified above, owing to defect in design, material or workmanship; the bidder shall have to replace them at the place of installation without asking for any charges.</p> <p>d) During the warranty of One year expert(s) shall be deputed at site by the bidder within three working days from the date of request from purchaser, to rectify and fixing the defects of Equipment(s) & Periodical maintenance of equipment's on site at various locations where Equipment(s) & Support Material installed & commissioned. The cost of deputation of expert(s) and any other associated expenditure shall be borne by the bidder.</p>
2.	Bidders should have registration of GST . Documentary proof of the same need to be enclosed.
3.	The Bidder shall complete supply commissioning and testing of the setup within 40 days from the date of placement of order.
4.	The Bidder shall be responsible for routine and breakdown maintenance of the equipment during warranty period within 72 hours of lodging of complaint. This complaint shall be generated from the authorized mail and person from VJTI.
5.	GST or any other statutory tax/ duty /levy etc. as applicable should be clearly mentioned in the quotation.
6.	The Quotation not fulfilling the aforesaid conditions will be summarily rejected and no further correspondence will be entertained
7.	The Vender must (mandatorily) provide self-attested copies of GST, PAN/ GIR Registration number and last three-year balance sheets copies at the time of submission of bid.
8.	Payment terms: Complete Payment shall be released after satisfactory installation of Four Ball Tester certified by the firm's engineer jointly with authorized VJTI representatives and no payment will be made in advance. Bidder has to keep 3% of total payment against security deposit with VJTI in the form of Bank guarantee. VJTI reserves the right to forfeit security deposit on non-compliance of tender conditions in full or in part if VJTI feels that Bidder has misguided in any way.
9.	The Bidder's request for payment shall be made in writing accompanied by relevant documents such as proper invoice and satisfactory installation reports duly signed by VJTI's representatives.

10.	VJTI reserves the right to accept or reject any or all offer(s) in part or full without assigning any reason thereof, and to amend the terms and conditions before award of the contract.
11.	Any disputes arising out of this tender will be under the jurisdiction of court at Mumbai only.
12.	Quoted price should be inclusive of all charges (Installation, shipping, visiting, or any other charges) except taxes and duties.
13.	Bidder should have experience in supplying Four Ball Tester machine and attach relevant documents. Past experience of supplying similar systems to other institutes should be submitted giving details like Order No., date, name of equipment, name of consignee.
14.	All the technical information about the equipment which is required for checking whether the equipment offered is as per the Tender Specification or not should be available in the technical literature enclosed. Additionally, self-endorsement letter stating that proposed equipment/system satisfy all the technical specifications of stated in the tender. The literature should be corresponding to the Model and Make offered in the commercial Bid. In case the literature contains description of more than one model, the bidder must tick mark on name of the model and make signature there. The offer shall be considered only if the leaflets/literature is enclosed.

SECTION – 4

TECHNICAL SPECIFICATIONS & ESSENTIAL CONDITIONS TO BE FULFILLED

Director's Office

Inward Date ..16/12/25.....

Document page No. 14/21..

SECTION 4

TECHNICAL SPECIFICATIONS & ESSENTIAL CONDITIONS TO BE FULFILLED

Bidders should attach the catalog/data sheet of the product. If the Bidder cannot comply with the particulars mentioned or wishes to provide higher specifications, the same should be mentioned clearly.

Table: 1 Technical Specifications

Sr. No.	Equipment Name	Specifications
1	Four Ball Tester	Floor-standing unit, set of weights, ball pot, 200 test balls, 2 ball chucks, software CD, torque wrench, operating manual.
2	Digital Image Acquisition System	Standalone imaging system for wear scar measurement, includes hardware, software CD, cables, and operating manual.
3	Suitable high end computing device	High end computing device required for operating the software and data analysis.
4	Ultrasonic Cleaner	Recommended for sample cleaning before and after testing to ensure accurate results.
5	Standard Tool Kit	Basic tools for maintenance and setup of the tester and accessories.
6	Ball Pot	Component for securely holding test balls during experiments.
7	Weights (Set)	Used for applying precise loads during testing.
8	Torque Wrench	Tool for accurate torque application during setup and maintenance.
9	Technical Specifications	Speed: 300–3000 rpm (high-speed option available); Load: 100–10,000 N; Friction Force: 0–200 N; Friction Torque: 0–16 Nm; Temperature: Up to 90°C (optional up to 200°C).
10	Warranty for Components	- Four Ball Tester: 12 months against manufacturing defects.
		- Digital Image Acquisition System: 12 months against manufacturing defects.
		- Suitable Computing Device
		- Ball Pot: 12 months against manufacturing defects
		- Weights (Set): 12 months against manufacturing defects
		- Torque Wrench: 12 months against manufacturing defects
		AMC (Annual Maintenance Contract) for 1 st , 2 nd and 3 rd years
11	Shipping	Packing and transportation services are included. Price covers local delivery but excludes taxes, duties, and other surcharges.
12	Training	Installation and training are provided by a product specialist. Training session duration is two days and ensures proper usage and maintenance of the equipment.

Table 2: OEM Criteria

Sr. No.	General Conditions - To Prequalify all the OEMs should satisfy the Eligibility Criteria mentioned below.	Supporting Document Required
1	All systems and components must be in compliance with CE, FCC, or BIS India certifications.	
2	The OEM should have a dedicated support center operational during working hours and a fully equipped repair and maintenance office in India. The Office and Service Center address proof along with Local GST number should be submitted.	

Table 3: Bidder Criteria

Sr. No.	General Conditions - To Prequalify all the OEMs should satisfy the Eligibility Criteria mentioned below	Supporting Document Required
1.	Letter of authorization from the manufacturer/parent company (having bid number mentioned over it)	Attach ink signed/Digitally signed MAF from OEM
2.	Documentary proof of GST registration.	GST Certificate
3.	The Bidder must have positive net-worth in last 3 financial years	Audited reports and CA certificate
4.	The Bidder must have average Annual turnover of ₹ 50 Lakh or more during last three financial years.	Audited reports and CA certificate
5.	The Bidder shall be registered at least for 02 years as on 01.01.2023 as company in India under Companies Incorporation Act 1956.	Incorporation / Firm Registration Certificate.
6.	Compliance Check	Should be on OEM Letter Head having bid number mentioned with seal & sign of OEM
7.	Escalation matrix	With Bid Number mentioned on OEM Letter Head with seal and sign of OEM
8.	Bidder should submit 1 year warranty certificate from OEM	With Bid Number mentioned on OEM Letter Head with seal and sign of OEM
9.	Past Performance of Bidder	Past Experience of Similar Services: Copies of contracts / work orders and documentary evidence of successful execution / completion in support of Past Experience of Similar Services along with names, address and contact details of clients shall be uploaded with the bid for verification by the Buyer.
10.	ISO certifications from Bidder	ISO 9001: Quality Management Systems,
11.	Bidder should have Service center in India.	Address Proof of office having address mentioned.

12.	Non-Blacklisting Declaration	Should be on bidder Letter Head having bid number mentioned with seal & sign of bidder.
13.	Datasheet of all quoted product should be attached with tender documents	Products Literature/Datasheet

Financial Bid

- Quote prices INR, inclusive of all costs (supply, installation, testing, commissioning, training, documentation, maintenance during warranty) except GST, which must be specified separately.
- Evaluation based on total evaluated cost (including AMC).

SN	Item	Description
1	Contact Person	
2	Business Address	
3	Tel No.	
4	Mobile No.	
5	Fax No.	
6	E-mail	

Important and Essential Summary Sheet:

All the bidders must provide detailed summary sheet for above mentioned 1-100 Serial Points (of Table 1, Table 2 and Table 3) in the following format:

			Complied/Not-Complied	Value of Parameter (if applicable)	Page Number where these details are shown
Sr. No.	Equipment Name	FOUR BALL TESTER			
1	Scope of supply	Within 90 days with following instruments: - Base Instrument Electronic Controller Software Ball Pot Assembly Steel Balls Collet Collet Master Torque Wrench Machine Cover Controller Cover Power Cable Signal Cable Tool Kit Reference Oil Reference Grease Licensed software for instrument control and data acquisition 3. Digital image acquisition system with perpetual licensed software 4. KRL shear stability test attachment			

		<p>5. ASTM-compliant steel test balls 6. CEC-compliant qualified bearings 7. OEM reference lubricants 8. Standard tool kit 9. Suitable compressor 10. Operating and maintenance manual 11. Standard warranty – 12 months Operating and Maintenance Manual Image Acquisition System Licensed Software Compressor PC</p>			
2	Base unit	<p>Applied loads from 60 to 10000 N using a pneumatic loading system. Speed from 300 to 3000 rpm (accuracy: $\pm 1\%$) using a digitally controlled VFD for variable motor speed. Friction Torque measurement capacity up to 16 Nm for both WP and EP tests Temperature (oil) ambient to 90 °C (in standard mode). Image acquisition system (IAS) with integrated illumination and preset focus for wear scar diameter measurement. It should be able to measure the wear scar diameters of all balls within the ball pot without removing them after a wear preventive test. IAS and measuring software must be the same make or manufacturer as the Four Ball Tester. Integrated heaters and fast response temperature sensor on ball pot with directional quick connector for quick and easy setup. Suitable PC for instrument's operation Compressor to be supplied Safety/splash guard and safety door with magnetic lock. KRL shear stability tester attachment: To evaluate permanent viscosity loss of lubricants due to the high stresses (operating in the elasto-hydrodynamic regime) and long-duration shearing. The KRL module should (i) feature KRL ball pot compatible with SKF 32008XQ taper roller bearing and temperature sensor for lubricant. (ii) have integrated cooling jacket. (iii) have independent temperature control unit to maintain oil</p>			

		temperature at 60 ± 1 °C. (iv) be capable of running standard 20-hour tests as well as long duration tests up to 100-hour or more with control of load, speed, and lubricant temperature within the CEC L-45-99 limits.			
3	Software and DAQ interface	<p>a) The Windows-based software should come with a perpetual license.</p> <p>b) The software should offer the flexibility to conduct standard and user-defined nonstandard test protocols. The software should initialize the test sequence with the click of a button.</p> <p>c) The software should display and acquire real-time data on load, speed, lubricant temperature and Friction torque during tests.</p> <p>d) The software must have safety interlocks for the load, speed, temperature, and friction torque.</p> <p>e) Software must store the test data in ASCII format to be exportable to third-party software for further analysis.</p>			
4	ASTM PTP (proficiency test program) for the four ball test standard	<p>The instrument's detailed calibration report for normal load, speed, temperature, and frictional force should be submitted.</p> <p>The data analytics software and continuous instrument monitoring on desktop and Mobile Apps should be validated. The required documentation, screenshots, or manual should be submitted with the offer.</p> <p>The supplier should demonstrate a smartphone app that describes the 3-D model (or "Digital Twin") of ANY Four Ball Tester for remote visualization.</p>			
5	OEM Certificate	OEM reference fluid certificate with precision statements as per ASTM standards should be submitted along the bid.			
6	The data analytics software and continuous instrument monitoring on	<p>The required documentation, screenshots, or manual should be submitted with the offer</p> <p>The required documentation, screenshots, or manual should</p>			

	desktop and Mobile Apps.	be submitted with the offer			
7	Demonstration	The committee retains the right to request a demonstration of the proposed instrument during technical evaluation, either offline or online, as necessary. The committee will communicate the appropriate date and time for the demonstration to the bidders.			
8	Installation and training	An expert from OEM and/or any OEM Certified Trained expert will provide training for all the mentioned to establish the system's performance by conducting appropriate test runs. The training would be imparted for performing tests to differentiate lubricating products within the standard scope of supply.			
9	Vendor qualifications	The vendor must be ISO 9001:2015 certified, and a similar certificate copy must be submitted along with the offer. The OEM must be an Indian-based manufacturer with over 30 years of experience in manufacturing tribometers. Within the last five financial years, the vendor must have previously installed and commissioned a minimum of 10 instruments with identical specifications to IITs or NITs or other private institute or govt. R&D labs in India. Purchase order/execution proof of the offered tribometer as per the tender specifications supplied to academic institutions in India should be submitted for verification with reference contact details. The vendor must submit performance certificates from at least three users of similar systems along with the offer. e) Vendors must confirm that, if selected for order placement, they will provide OEM warranties for all components and sub-systems used in the equipment. f) The committee will disqualify the vendor if any of the above criteria are not met.			

10	Included Features	The datasheet must contain complete details of features, including actual pictures, as per the tender requirements. It is essential to indicate the page number for each feature and optional module while submitting the technical bid. Marking “fully compliant” without a detailed description of how these features are achieved will result in technical disqualification.			
----	-------------------	---	--	--	--

- This offer shall be valid for 60 calendar days from the last date of submission of tender.
- Evaluation will be done on the basis of Total Bid Price (including all Taxes).
- We accept all terms & conditions of the contract.
